SHAW ALMEX CONVEYOR BELT VULCANIZING EQUIPMENT

SHAW ALMEX INDUSTRIES LTD. does hereby confirm that TECNOMINA SRL is qualified in the use of Shaw Almex Conveyor Belt Vulcanizing Equipment and have successfully completed splicing work at several projects in Peru including Sociedad Minera Cerro Verde, Cementos Lima, Southern Peru Copper Corporation, and Compania Minera Antamina S.A.

All belt splicing on these projects was accomplished by using Shaw Almex Vulcanizers on hot vulcanized splices in accordance with the recommended splice procedures provided by the various belt manufacturers.

Yours truly,
SHAW ALMEX INDUSTRIES LTD.

Terry Ideson
Director, Heavyweight Products
